Administering an estate can be a difficult task, and being an executor for the first time can make it even more challenging. We offer professional help to guide you through the duties, responsibilities and administrative requirements that come with the role.

Executor EASE is our innovative service designed to help executors successfully fulfill their obligations and responsibilities in a thoughtful, caring and timely manner.

Executor EASE is the solution.

Executor EASE is a flexible, affordable solution that allows you to choose as much assistance as you need to administer an estate. It begins with a no-cost, no-obligation consultation with a trust consultant. During the consultation, they'll work with you one-on-one to understand the complexities and needs of the estate and will provide a variety of appropriate options.

We work with teams of legal and estate professionals across Canada to provide assistance with preparation of the probate application or all of your executor duties.

The estate pays for the services selected.

What is probate?

Probate is the legal process to validate a will and formally confirm the appointment of the executor. It is the first step in the legal process of administering the estate.

Remember, with Executor EASE you select only those services you require.
