

Innovation Credit Union Community Development Grant

We're passionate about funding local projects that leave a long-lasting impact in the communities we serve. This year we granted \$25,000 to five deserving organizations and projects.

Community Development is a collective action taken by a group of people in a community looking to make a difference. The process of community development is aimed at improving the social, economic, cultural, and environmental state of the community.

The Innovation Credit Union Community Development Grant Program is intended for one-off project-based proposals in which financial assistance is required to start something new or to assist with large purchases that are not normally possible.

Congratulations to the following Innovation Credit Union Community Development Grant recipients:

- Cando Community School (School Playground) - \$5,000
- Wilkie & District Health Foundation (Digital X-Ray Machine) - \$5,000
- Gravelbourg Skateboarding & BMX Park Inc. (Skateboard & BMX Park) - \$5,000
- Alleykatz Early Learning Centre (Renovations) - \$5,000
- Jonas Samson Junior High School (School Playground) - \$5,000
